“ As a kid I loved being able to spend time at Whitey and Joyce's house, with my best friend Michelle. I tried everything animal he ever cooked, he taught us how to load his shotgun shells, told us stories of the cougars that lived in the mountains in W Virginia. I was blessed enough to have met his parents who were both also great people. He was a truly awesome man and both he and Joyce always made me feel as though I was always a part of their family. I remember all the jokes and songs we would sing in the car or just sitting around the living room. My thought and prayers go out to all of you. He will be missed in my heart. Love to you all....Sandy

“ I was very sad to hear that my old boss and mentor Whitey Depoy passed away this week. Whitey was an expert floor covering installer who took great pride in his work whether it was in a million dollar mansion or someones back yard shed. He took me under his wing when I was 21 and taught me the trade and how to have respect for your work regardless of what it was and who it was for. We had a lot of good times together.

“He was always and will always be Junie to me. The first time I heard Carl say Whitey I had to ask who he was talking about. My last two trips into Alton are special memories of Junie. Junie and Joyce cooked a great meal for my friend Gerry and I, and he even got me to try ramps. I was pleasantly surprised at how good they were. My dad couldn't even get me to try them. We also had a great time on the river having a weenie roast. During my last trip into Alton, Junie and I spent several hours on his front porch laughing and sharing memories. Junie has always and will always hold a special place in my heart. Rest in peace cousin and we will meet again some day. My thoughts and prayers are with the family.
