“ I am sorry to hear of Gordon's passing. I helped him get his job at the Work Adjustment Center, and then a year later I followed him to work there. We were the same age and always shared a bond and friendship. Gordon we the person who taught me that everyone has talent and belongs in the workplace. His drawings were truly works of art, and often hung in my office. Your family will be in my prayers.

“ My mom and I both worked with Gordon at the Work Adjustment Center. Gordon was one of the sweetest and caring person I know. When he would come in the office he was always smiling and laughing. He had the ornriest giggle. Even though it has been several years since I’ve seen Gordon, I can still hear his giggle. I pray that God May wrap his arms around the family for peace and comfort.

“ Gordon and my sister Carrie Shockey were colleagues and best friends at the Buckhannon Work Adjustment Center, where they shared a lot of love and laughs together. Although they had not seen each other for several years, they had a unique bond and did not forget one other. Gordon was a very “special” friend to Carrie.
