“ Jim was my boss as Sergeant of the Suffolk County Police Motor Carrier Safety Section which investigated commercial vehicle accidents and enforced the laws related to large commercial vehicles. He was the best boss I've ever worked for in my 36 years of police work as well as a good and trusted friend. I will miss Jim for the rest of my life and I know there are many others that feel the same way. He developed programs for the operation of many procedures in use by the Suffolk County NY police department, the 7th largest department in the country, which are still in use today besides the countless grants he wrote and saw to operation. Jim was such an intelligent man hidden sometimes by Andy of Mayberry Sheriff suit, but one thing you could always count on was that he was a good friend to you if he liked you ! When we were called to duty on September 11 2001, there was never a hesitation on what our mission was and exicuting it as we walked through the mayhem of people running past us to escape as we walked in to it to do our job. I am proud to call him my friend. Richard P. Mullane, SCPD 925

“ Dear Diane,

I'm so very sorry to learn of Jim's passing. I can vividly remember when you and Jim brought your rescued little animal's out to the clinic, when I worked there. You could see all the love and caring you both had for all the animal's, both large and small, that you and Jim rescued and cared for. Jim will be very much missed. Diane, just know that you are in my prayers and thoughts.

You friend, Veneda Gower

“ Oh, I'm going to miss this guy! He was so true and straight. Although I never worked with him on any projects I watched him work and support the community in deep, real and thoughtful ways that I was always inspired! He had great insights and a good sense of humor and fun. Blessings to you as you move forward Diane.

“ On the 10th Anniversary of 9-11-01 we held a special Remembrance Day event which included a Freedom Walk from the boat ramp at WWC to the Buckhannon Fire Department! I was honored that he accepted to be our guest speaker. I have never forgotten his words, his strength and his courage and his memories of that day! His boots that he wore he brought with him! His heartfelt message was straight from his heart! You could have heard a pin drop at the Fire Station! Great courage and a great friend to our community who will be missed by many. RIP Jim. To his family, I am sorry for your loss.
