“ Sorry to read this. I remember Marty and Bill from the 80's working up north in Pennsylvania for Union Drilling. I'm still up here they all split. However I still see him driving his jeep in the rain with no top on it. He was a cool guy. My condolences to the entire family.

“ I just saw cousin Jacquie and learned of Billy's passing. I remember Billy's being in choir at BUHS. He is the third Wilson Chapel Warbler to pass from this earth. I will always treasure his smile, his laughter, and his kindness.

“ Bill and I were 1969 BUHS graduates.

Lots of high school memories.

Condolences to his family.

Rest in peace my friend.

“ Billy and I were friends for a long time
Until We Lost Touch. My fondest memory is of dancing with him at
rock cave when the upshur county fair was once held there. It was a
great time and there wasn't any dance we couldn't do. I will Cherish
that memory as long as I live and I will miss Billy until I see him
again!

I was so grateful that I had the pleasure to of met Bill he was a great
man that would be so willing to lean a helping hand whenever he can. I
really going to miss him so much and now I can't call him to check on
him to see if he needs anything.

I remember Bill first coming to the Square Dances in Pickens and
Helvetia. And a few times at the VFW in Buckhannon. He could square
so fast and call the figures that the sweat would be rolling off his face .
It was a loss when he stopped coming to the dances. If you were his
partner (as I was a few times) you had to hustle or be dragged. Lol.
Just kidding. This was in the 70s. His voice was loud. Sleepy Hallow
Ramblers was the band.

Big Smile.

Peg and Marty.. Linda.. sorry for the loss.

“ To the Bill Hyre family and extended family, I have so many great memories of growing up along the Little Kanawha River between Arlington and Wilsontown with your family. You are great people and Bill will be missed for a long time, but never forgotten. I am so sorry that I am not available to be present for any of the services and share this time with Linda, Ron, Marty, and other family members. Our family thought of your family just like an extension of our family. We grew up together, rode the school bus together, rode to and from work together, etc. We share in your grief and I quickly thought of a Bill story when he took the skunk to High School. When I became a principal, Frank Feola said always be ready for anything in this business, even a skunk on a student's shoulder in the halls. You are in my thoughts and prayers.
